### Verbal Note

The Embassy of the State of Kuwait in Berlin presents its compliments to the Ministry of Foreign Affairs of the Republic of Lithuania and has the honour to inform the latter that the Kuwaiti Ministry of Commerce and Industry passed regulation no. 74/2024 of 18 January 2024, placing a ban on all kinds of imports of poultry meat from the Republic of Lithuania, as a result of an outbreak of the highly pathogenic avian influenza in the country.

Moreover, all kinds of derived products and table eggs of poultry origin, except for those that have been subject to heat treatment at 70°C, have also been banned.
